"Not only did I learn about different business models, I made long-lasting connections. The course assessed my entrepreneurial aptitude and gave me confidence in pursuing the start-up route."
- BBSS alumnus 2015

"Definitely, I would strongly recommend to anyone considering to leave academia to attend to the Biobusiness Summer School."
- BBSS alumnus 2017

Explore the fascinating world of BioBusiness

Are you a PhD, postdoc or master's student in the field of Life Sciences and considering a career outside of academia? Or perhaps you are already working in the Life Sciences industry, but wish to gain a better understanding of BioBusiness, broaden your network, or even start your own company? Explore the fascinating world of BioBusiness and its many opportunities through BioBusiness Summer School in the Netherlands.

Since 2008 more than 600 international talents have participated in the BioBusiness Summer School. In these past years, the BioBusiness Summer School earned the reputation to be an excellent jumpstart for a future career in Life Sciences.

BioBusiness Summer School will help you obtain an overview of what career options there are in BioBusiness, gain understanding of the essential elements of BioBusiness, and identify previously unknown fields of interest. By immersing yourself in the business aspects of Life Sciences in five days, you will gain insight in the world of Life Sciences companies first hand from the experts, meet prominent business leaders and expand your international network.

After completing the whole program, participants will receive a certificate of attendance.

5 day interactive programme featuring

- » World-class high profile speakers from industry
- » Business subjects tailored to Life Science real-life cases
- » International networking opportunities

Participant profile

- » PhD and MSc students in the field of Life Sciences
- » Postdoctoral fellows
- » Young professionals
- » Aspiring entrepreneurs

Course objectives

- » Get acquainted with the main subjects in BioBusiness
- » Gain insight into your own interests and capabilities
- » Get a clear overview of the opportunities and challenges within the Life Sciences industry
- » Meet and learn from experts and business leaders in BioBusiness industry
- » Expand your business network in Life Sciences
