

RNA Extraction – All you need to know

Free Webinar

Join our FREE webinar and learn how to optimise sample collection, storage and RNA extraction.

30th September, 2021
3:00 – 4:00 PM (CEST)

REGISTER NOW

During this live event, we will discuss:

- » Different sample types
- » Proper sample collection for RNA extraction
- » Storage and shipping
- » Extraction methods
- » Quality criteria
- » Downstream services and their requirements

As a takeaway we are happy to share a short list of Do's and Dont's. Of course, we will have live Q&A with our experts at the end of the webinar.

Meet our extraction experts of the Eurofins Genomics webinar:

Natalie Smith
(Moderator)

Jan Enke

Dr. Thomas Brefort
